How It Works

We provide a **unique investment model** for SMB service businesses:

- Partial, non-controlling equity investment
- Value-added advisory and support services
- A flexible investment timeframe
- Speed and assurance of closing

We invest between **\$2 million and \$10 million** for a **25-70%** ownership interest in partner companies.

Our approach combines capital and value-added support to help service business leaders navigate the opportunities and challenges to scale.

How We Help

Invest in Business Growth

Supporting digitization, recruitment, marketing, and empowering leaders to take strategic risks.

Buy Out a Partner

Facilitating a fair exit for less active partners while enabling business leaders to retain ownership.

Acquire Other Companies

Acquiring other businesses through add-ons, leveraging our M&A knowledge and network.
